Contributed by Matt

The results are in for the latest poll, "What's Your Favorite Joss Whedon Work?"

Buffy The Vampire Slayer - 50.1%

Firefly - 34.3%

Angel - 10.8%

Dr. Horrible's Sing-A-Long Blog - 2.6%

Serenity - 1.5%

Buffy The Vampire Slayer (movie) - 0.3%

Titan A.E. - 0.1%

Toy Story - 0.1%

Alien Resurrection - 0%

2088 votes were counted. That might be a record. I have to give some props to Simon over at Whedonesque for letting everyone know over there that the poll was going on.

What can we determine from the poll? Well, people still generally regard Buffy as their first love, and as one of the best shows of all-time (can't disagree there). The browncoats showed up in full force to give BtVS a challenge. Angel still has a good fanbase. And 55 people haven't been in the fandom too long, because they voted for Dr. Horrible (seriously, you picked a 45-minute web musical over BUFFY, FIREFLY and ANGEL? Really?).

The new poll will be up shortly.
